**Nexus Arts**
On Monday, Tambo enjoyed Dion Drummond’s Indigenous dance and storytelling performance. A few Tambo students were also stars on the stage with Dion, helping him to teach the audience dances. It was good to see so many students wearing their school uniforms and exhibiting great behaviour throughout the performance.

**Head Lice**
As we head into the end of summer and the hot weather is still around we have witnessed an abundance of Head Lice. All schools and early childhood centres endure bouts of head lice throughout the year and it takes a lot of effort to rid the school of these ‘creepy critters’. When the school is notified of a case of head lice, the parents are expected to treat the child before they can return to school. Some children are more susceptible to head lice for no apparent reason and it can be very frustrating and expensive to continually treat your child. Thank you for your assistance in combatting the head lice issue at school so far, however it is important to continue regular hair checks.

Dr. Seuss
Popular parenting author, Lou Harvey-Zahra, will be giving a public talk at Wild Cherry School next Tuesday evening.

The talk on Positive Discipline follows the release of her new book, *Creative Discipline, Connected Family: Transforming Tears, Tantrums and Troubles while Staying Close to Your Children*. Lou has been travelling around Australia on a speaking tour and will be at the school in McKean St, Bairnsdale for one night.

The talk starts at 7pm and all are welcome. The cost is a gold coin donation.

Lou is a mother, teacher and author and will give guidance on learning how to transform behaviours in a positive manner; creative discipline without using punishments; fostering positive, lifelong connections, and inspiring and practical ideas for common everyday issues.

Lou’s talk after the release of her book *Happy Child, Happy Home* at the school two years ago was extremely popular and appealed to parents of children with pre-schoolers, primary aged children and teenagers.
